Dock & Harbor

-On March 20th a 12 person D&H crew along with the Grounds crew relocated all the boats, racks and benches on the Bluff to make way for grading and improvements. A BIG thank you to all of our volunteers.

-Work began on the floating dock along the bulkhead thanks to Joe Harriman and Paul Parseghian. The good news, only one of the two docks needed to be repaired. Both floating docks were also re-carpeted.

-International Sheet Metal, Inc. fabricated 6 steel supports that were welded to the west lift on March 27. The six existing side supports were untouched so we did not compromise their remaining integrity.

-The Whips at slips 35 & 36 have been replaced.

-The fire extinguisher cabinets have all been repaired.

-Thursday April 1 at 6:30 the D&H Committee met on the Bluff to review the scope of Spring work and allocate responsibilities. We look forward to seeing everyone at Spring Clean up day!

Introducing MRYC's new 18' Sanderling

MRYC is adding a new boat to it's sailing fleet. A 1980 Marshall Marine 18' Sanderling day sailer. The boat was generously donated to the club by Will Smith, a Member of Lavallette Yacht Club. It was thankfully secured and transported by MRYC dock & harbor member, Robert Sherman. The purpose of the boat is to introduce new sailors to the Adult and Junior Sailing programs.

18' Sanderling

The Sanderling is a common sense daysailer/weekender offering a spacious cockpit and roomy cabin unrivaled by any boat of similar length. Easy to single hand, sail with kids, or sail across the bay with four or five friends. Her size, stability, and self bailing cockpit allow her to withstand some of the most challenging conditions you may encounter. She is a quick, responsive, one-design which is being raced in ever growing fleets in the Chesapeake, New Jersey, and New England.

EXCITING NEWS from the board

Dear Members,

It is with great excitement that we announce MRYC took title to Mr. Beattie's house at 403 Riverview Lane on Tuesday, April 13, 2021. The rare opportunity to acquire this adjoining parcel of land was evaluated heavily by both past and current Officers and Board of Trustees. Unanimously it was determined that its acquisition is in the best interest of the club thus preserving future expansion. The purchase of Mr. Beattie's house was an unplanned and unforeseen event and as such the Club is looking to offset interim carrying costs as we look to assemble the property in conjunction with our future master plan.

At this time, the Club is opening an invitation to lease the property for "light business/professional use" to club members ONLY in an "as-is" condition with a short-term month to month lease. Both Active and non-Active members will be considered. The house will be available to view all day on Clean Up Day or by appointment through May 1, 2021.

The decision to temporarily rent the property is made with a clear eye towards our fiscal responsibility to the club. Since we were unable to budget for any repairs to the property in 2021, we felt the best course would be a short-term lease. Our goal is to help offset some of the costs we will be incurring in 2021 and give us time to explore all our options for the future.

The next step will involve setting up a sub committee of Board members and interested members to explore the options available to us as we plan for the future of this property.

Please email the General Manager: GM@mryc.org with your expression of interest or to schedule an appointment to view the property.

This is a very exciting time for the future of MRYC!

on over the years of his service to our Club.

Wishing him fair winds and calm seas.
