# A NOTE FROM THE COMMODORE

## COMMODORE BETH BACCARO

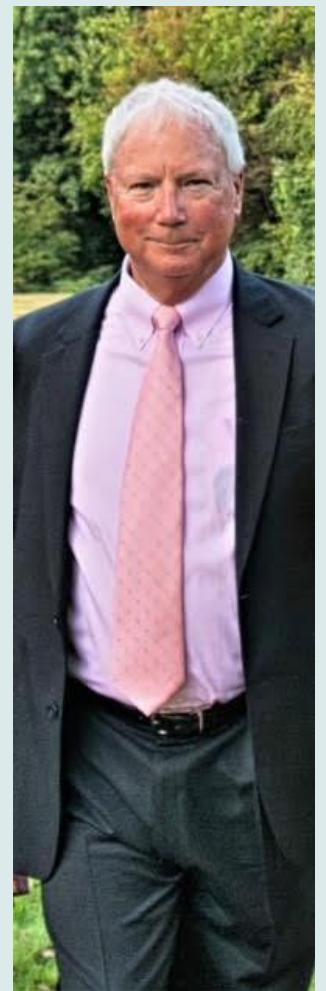

### Volunteer of the Month: P.C. C. Winslow Miller

The Board of Trustees voted unanimously to honor Past Commodore C. Winslow (Win) Miller as the Volunteer of the Month. Not only has Win served as Commodore of the Manasquan River Yacht Club in 2000 and 2001, but even after 32 years as a member, Win's endless commitment to MRYC shines through on so many levels.

Whether walking down the dock or being out on the river, Win Miller always greets you with a smile and a warm handshake. While each member of MRYC brings unique talents to our Club, Win is an excellent example of someone who is an expert sailor, power boat Captain and all around waterman who has knowledge and understanding of the ways of the water. Win is also an exceptional photographer who helps chronicle the MRYC sailing series and other events occurring at the Club. His willingness to help is only matched by his perception through his lens. He makes it look easy but we all know how difficult it is to take such beautiful photographs. Once he takes the photographs, Win spends hours downloading and editing the shots prior to sending them out to members and to the River Views for all to enjoy.

This past year, Win served as the Chairman of the Nominating Committee and was just recently voted to serve as Chairman of the nominating committee for 2022. He also served on the committee to research and draft the recent proposal for the changes to the Constitution and By-Laws as well as on the sub-committee to develop short and long range plans for the Gate House. These are just a few examples of all Win does out of his love for MRYC. Win's volunteering is only briefly put on pause so he and Lynn can spend time with their adorable grandson fishing for snappers or catching blue claw crabs.

His dedication and commitment to MRYC are a role model and appreciated by all of the MRYC family.

# POOL NEWS

## FROM CHUCK DRAWBAUGH

After a very active and successful summer at the pool, I'd like to thank the staff, and committee members for all their effort to make 2021 a great summer.

Pool committee, chaired by Katy Califano, consisted of Carly McDougal, Suzanne Donlan, Kaitlyn Mahoney, Jessica Tice, Whitney Forester and Angela Sweeney.

They did a great job with the overall appearance of the pool area. Some examples of their efforts include the Elephant Ear plants as a change from the palms around the pool, a fresh coat of paint on the stairs to clubhouse, and endless weeding between the pavers. Thank you to the entire pool committee.

Swim Team Staff: We were lucky to have all our coaches back, Head Coach Lauren, and assistants Summer and Lindsey. Their experience was key with a team of 100 swimmers making our team the 2nd largest in the league and all enjoyed a very successful season, with a full schedule of meets. With participation expected to stay high next year, we are assessing more support coaches, but will still need lots of help from the parents, especially at the meets. We also need to acknowledge Paige Johnson for stepping in and running the private lessons this summer.

Swim Committee: A couple of years ago, we broke pool into 2 committees and fortunately Trish Brown has been Chair of the swim group for many years, even before there was a chair position for swim. Unfortunately, Trish has graduated from her role along with her last swimmer. Her efforts were immense and she and her committee did a great job. The committee consists of Tara Healy, Cynthia Feeney, Kathleen Polesky, Jaimie Gerzseryi, Sam Clark, & Meghan Kinsky.

I also want to acknowledge Hope and our lifeguards who were on top of keeping our members safe, the system running, chemicals checked, the pool clean and operating for maximum use during the summer. The CPO role is crucial and can be stressful at times, especially with everything else on her plate, so please acknowledge Hope for adding Certified Pool Operator to her many hats.

Lastly, thanks for the opportunity to serve as trustee of pool. Covid certainly turned it into an interesting 3 years with the pool being no exception to twist and turns. Covid certainly did not slow down the speed at which 3 years passed at MRYC.
