

MRYC

B FLIGHT MEN'S SINGLE TENNIS TOURNAMENT RULES

Scoring:

- Men's singles event
- Rounds 1,2: One 8 game Pro Set. See Appendix for details
- Semi-finals and finals rounds: Best of 3 sets. Standard 6 game sets.

You will need to coordinate playing your match with your opponent. Matches just need to be completed by the dates stated in brackets.

******The Winner of the B Flight will be STRONGLY encouraged to move up and play in the MRYC Men's Singles Tournament 2026. Players can return to the B flight the subsequent year (ie, 2027); unless the player wins Men's Singles (Club Championship).**

Appendix A: Tennis Pro Set:

A pro set is a set that is played to eight (8) games instead of six (6). The player that wins 8 games first, wins the match. There is no second set. In pro sets, a player must win by at least two games. A seven (7) point tie breaker will be played if the match is even at 7-7. See Appendix B for rules for the 7 point tie breaker.

Appendix B: A 7 point tiebreaker is played when score is tied at 7-7 when playing Pro Sets (1st, 2nd rounds). The first player to 7 points wins the tie breaker and thus the set or match (or both). **The player must win by two points.**

There is a specific order to serving and court rotation for the 7 point tie breaker. The player who would serve next following the last game completed, begins serving in the tie breaker. This player serves the 1st point from the right service ("deuce") court. This player only serves **one time** before rotating serves to the opposing player.

The second and third points are served by the opponent of the player who served the 1st point. The 2nd service point will be played from the left service court ("Ad side"). The 3rd point will be played from the right service ("deuce") court .

Serve rotation continues with each player serving for 2 points until the tie breaker is completed. Hint: With the exception of the 1st serve, each player serves two consecutive points by serving the 1st point of the service rotation from the left service court and then serving the 2nd from the right service ("deuce") court.

No changing of side of the court until a total of 6 points are completed and every 6 points thereafter. For example; when tie breaker score is 3-3; 4-2; 5-1; 6-6 etc.

******Standard tie break rules for semi-final and final rounds.**
